

Eclipse

Kate Power 4/4/2015 4:30AM

The light is on
They say you've gone
But I can still
Hear you call my name
The way you do
Breaking through
Wave after wave
You still remain

Here in my heart
Every part

Memories
Toss and tease 'n
Shake me to rise
Up from my bed
In the night
Something bright
A dream left behind
Turns in my head

Right from the start
You opened my heart

I know you
You know me
Just as the fruit
Knows the tree
Together
Forever
Season to season
Seed to seed

Life is for living
Love is forgiving
